

1 IN THE CLAIMS

1 1. (canceled)

1 2. (currently amended): The case as defined in claim # 12,
2 wherein said display case is generally rectangular-
3 parallelepiped-shaped.

1 3-5. (canceled)

1 6. (currently amended): The case as defined in claim # 12,
2 wherein said top portion of said display case has a top
3 wall; and
4 wherein said top portion of said display case has a front
5 wall.

1 7. (original): The case as defined in claim 6, wherein said
2 top wall of said top portion of said display case is
3 transparent so as to allow seeing said golf-course
4 related elements in said display case from their tops
5 when said top portion of said display case is closed.

1 8. (original): The case as defined in claim 6, wherein said
2 front wall of said top portion of said display case is
3 transparent so as to allow seeing said golf-course
4 related elements in said display case from their sides
5 when said top portion of said display case is closed.

1 9. (original): The case as defined in claim 6, wherein said
2 top wall of said top portion of said display case is
3 hingedly attached, by hinges, to said rear wall of said
4 bottom portion of said display case.

1 10. (original): The case as defined in claim 6, wherein said
2 front wall of said top portion of said display case
3 depends from said top wall of said top portion of said
4 display case; and
5 wherein said front wall of said top portion of said
6 display case overlies said front wall of said bottom
7 portion of said display case when said top portion of
8 said display case is closed.

1 11. (currently amended): The case as defined in claim ~~4~~ 12,
2 wherein said golf course-related elements sit on said
3 bottom wall of said bottom portion of said display case.

1 12. (currently amended): ~~The case as defined in claim 4~~ A
2 case indicative of specific greens of a specific golf
3 course for displaying golf balls on tees, said case
4 comprising:
5 a) a display case; and
6 b) golf course-related elements;
7 wherein said golf course-related elements are disposed
8 in said display case, wherein said display case has a
9 bottom portion;
10 wherein said display case has a top portion; and

11 wherein said top portion of said display case selectively
12 closes said bottom portion of said display case, wherein
13 said bottom portion of said display case has a bottom
14 wall;
15 wherein said bottom portion of said display case has a
16 pair of side walls; and
17 wherein said bottom portion of said display case has a
18 rear wall, wherein said golf course-related elements
19 comprise at least one insert; and
20 wherein each insert of said at least one insert of said
21 golf course-related elements replicates a specific green
22 of a specific golf course.

1 13. (original): The case as defined in claim 12, wherein
2 said at least one insert of said golf course-related
3 elements is eighteen to replicate the eighteen holes of
4 a standard golf course.

1 14. (original): The case as defined in claim 12, wherein
2 each insert of said at least one insert of said golf
3 course-related elements is generally flat; and
4 wherein each insert of said at least one insert of said
5 golf course-related elements is generally square-shaped.

1 15. (original): The case as defined in claim 12, wherein
2 each insert of said at least one insert of said golf
3 course-related elements has a top surface; and
4 wherein each insert of said at least one insert of said
5 golf course-related elements has a bottom surface.

1 16. (original): The case as defined in claim 15, wherein
2 said top surface of each insert of said at least one
3 insert of said golf course-related elements has indicia
4 thereon; and
5 wherein said indicia on said top surface of each insert
6 of said at least one insert of said golf course-related
7 elements pictorially replicates a specific green of a
8 specific golf course.

1 17. (original): The case as defined in claim 12, wherein
2 each insert of said at least one insert of said golf
3 course-related elements has a through bore;
4 wherein said through bore extends centrally through an
5 associated insert of said at least one insert of said
6 golf course-related elements; and
7 wherein said through bore through an associated insert
8 of said at least one insert of said golf course-related
9 elements replicates the hole in a specific green of a
10 specific golf course.

1 18. (original): The case as defined in claim 15, wherein
2 said bottom surface of each insert of said at least one
3 insert of said golf course-related elements has a portion
4 of hook and loop fasteners thereon; and
5 wherein said portion of hook and loop fasteners on said
6 bottom surface of each insert of said at least one insert
7 of said golf course-related elements selectively mates
8 with a sheet of a mating portion of hook and loop
9 fasteners that covers said bottom wall of said bottom

10 portion of said display case so as to allow each insert
11 of said at least one insert of said golf course-related
12 elements to be interchanged to replicate a specific green
13 of a specific golf course.

1 19. (original): The case as defined in claim 17, wherein
2 said through bore in each insert of said at least one
3 insert of said golf course-related elements is receivable
4 of a tee holdable of a golf ball so as to replicate a tee
5 in the hole of a green of a standard golf course holding
6 a golf ball.

1 20. (original): The case as defined in claim 19, wherein
2 said tee is split to provide a snugger compressive fit
3 in said through bore in an insert of said at least one
4 insert of said golf course-related elements which it is
5 received in.
